SUMMARY

CRM & Lifecycle Analytics Specialist with comprehensive **B2B** and **B2C** experience operating at the intersection of **SQL**, **Python**, and **automated MarTech execution**. Manages lifecycle operations delivering **30M+ monthly sends** and multi-market **RFM segmentation across 5M+ users**, translating predictive modeling directly into high-converting **customer lifecycle journeys**.

EXPERIENCE

CRM Analyst

Loaded.com (OMX Digital)

05/2025 - Present Dubai, United Arab Emirates

E-commerce (Digital Gaming Retail)

- Scaled CRM retention across **8 markets (30M+ sends),** launching **62 lifecycle journeys** with **99.5% delivery rate**, **27.9% open rate**, and **13.5% CTOR**.
- Segmented **5M+** users via **RFM modeling** to anchor **multi-market personalisation** tiers and lifecycle targeting.
- Migrated CRM infrastructure from **CleverTap to MoEngage via APIs**, aligning tracking events with Segment at zero downtime.
- Built a **hybrid recommendation ML engine**, lifting **CTR +2.80%** and driving a **+12.8% engagement lift** in a 100K A/B test.
- Built **portal.loaded.com** to capture declared **first-party purchase intent** and product tags for **automated retargeting**.
- Analyzed **361K restock intent logs**, proving an **84.8% non-conversion rate** to establish the case for **automated triggers**.
- Quantified **~$7M in annual PayPal fee exposure** across 6 EU markets, isolating spend patterns for **loyalist cohorts**.

CRM SFE Executive

Merck & Co Inc.

07/2024 - 04/2025 Dubai, United Arab Emirates

Pharmaceutical company

- Built **hospital territory coverage models** using **Veeva** and **IQVIA** data, optimizing field-force targeting for **200+ sales reps** across GCC.
- Generated **qualified institutional leads** and **B2B target accounts** by analyzing regional healthcare facility data and prescribing patterns.
- Automated weekly commercial forecasting workflows with **Excel VBA**, cutting report delivery turnaround time by 15%.
- Conducted **cross-functional commercial analytics** across Oncology, Vaccines, and Diabetes portfolios to track product adoption and field-force KPI performance.
- Audited **Veeva CRM records** and trained **50+ team members** to enforce data compliance, lead hygiene, and strict SLA standards.

Marketing Data Analyst Intern

HashGate IT Solutions

04/2023 - 10/2023 Dubai, United Arab Emirates

- Improved **data visualization efficiency** by building 5 **Power BI** and **Tableau** dashboards for Bossini fashion MENA relaunch.
- Analyzed multi-channel campaign performance to evaluate **acquisition trends** and **optimize marketing ROI**.

EDUCATION

Bachelor of Engineering (Hons) – Computer Science

Birla Institute of Technology and Sciences (BITS) - Pilani

09/2020 - 09/2024 Dubai, United Arab Emirates

Diploma in Data Science and Programming

Indian Institute of Technology (IIT), Madras

01/2022 - 01/2024 Chennai, India

SKILLS

CRM Platforms & Tooling

- MoEngage
- CleverTap
- Salesforce
- Veeva CRM
- GA4
- HTML/CSS Email Development

Lifecycle & Retention

- Event-Triggered Journeys
- RFM Segmentation
- Retention Analytics
- Churn Reduction
- First-Party Intent Capture
- Multi-Market Personalisation

Data Engineering & BI

- Python
- Pandas
- SQL
- Amazon Redshift
- PostgreSQL
- PySpark
- REST APIs
- Git
- Power BI
- Tableau
- Excel VBA

Machine Learning & Modeling

- SVD
- Collaborative Filtering
- Cosine Similarity
- K-Means Clustering
- Controlled A/B Testing
- LightGBM
- Scikit-learn

PROJECTS

Customer Churn Prediction & Retention Modeling

- Built customer **churn classification** models using LightGBM and Scikit-learn, identifying **high-risk churn indicators** to trigger automated retention campaigns.

Demand Forecasting Model

- Applied **ANOVA**, **hypothesis testing**, and **multiple linear regression** to UCI Bike Rental data, lifting predictive accuracy by 20%.

Crime Classification System

- Evaluated XGBoost, Decision Trees, and Logistic Regression across 30 crime categories to **optimize multiclass recall and precision.**
